EDUCATION

Texas A&M University

September 2019 - May 2021

Master of Science in Computer Science

CUNY Lehman College

September 2015 - May 2019

Bachelor of Science in Computer Science, GPA: 3.3

Coursework: Microcomputer Architecture, Database Management, Database Design and Programming

SKILLS

Programming: Python, JavaScript (React), HTML, CSS, SQL

Tools: Adobe Photoshop, Adobe XD, Microsoft Office Suite, Jira

EXPERIENCE

Software Engineer Intern, **Adobe**, Austin, TX

June 2019 - August 2019

- Implemented a tracking script in Adobe's Magento admin software in order to gather information about the features Magento admins use
- Created and tested two new features that allows the admin to enable or disable the tracking script at the time of login and after they've logged in

Web Development Teaching Assistant, **Trilogy Education**, New York, NY

December 2018 - May 2019

- Assisted head lecturer with instruction of Web Development concepts and technologies which include HTML, CSS, and JavaScript to 50 scholars and provided guidance during lab exercises
- Provided support in grading homework assignments and exams

Software Engineer Intern, **Meredith Corporation**, New York, NY

June 2018 - August 2018

- Implemented and maintained new features on existing software applications
- Developed a calendar feature using React for People.com/EW.com that allows a user the option to filter TV air times for a specific show and display that data in weekly and monthly views

PROJECTS

Weather Alert

- Implemented a web scraper using Python to gather weather information and used Twilio API to send the user a text message daily.

Project STEM <DIV>

- Developed a website using HTML5, CSS3, JavaScript that allowed users to gather information about tech classes and resources based on their location

GDP vs. Employment

- Created a Python application for GDP and employment data from the web, prompt for a year and provided the data for that year.

EXTRACURRICULAR ACTIVITIES

- Vice President, Society of Hispanic Professional Engineers (SHPE) August 2018 - Fall 2019
- Member, National Society of Black Engineers (NSBE) August 2017 - Present
- Member, Women in Computer Science (WiCS) August 2017 - Present
